Employee Handbook Overview

Northstar Health Services (Fictional)

Policy number	Effective date	Owner	Classification
HR-100	January 1, 2026	People Operations	Training sample

Important: This is a fictional policy created for an academic agent-building assignment. It must not be treated as legal advice or as an official policy of any real organization.

1. Purpose and scope

This handbook overview explains the employment principles that apply to regular full-time and part-time employees of Northstar Health Services. Temporary workers, contractors, medical staff, and represented employees may be governed by separate agreements or policies.

2. Employment relationship

Employment is voluntary. Either the employee or the organization may end the relationship at any time, subject to applicable law and written agreements. No manager may make a binding employment promise unless it is documented and approved by People Operations.

3. Equal opportunity

Employment decisions are based on business needs, qualifications, and performance. Discrimination, harassment, and retaliation are prohibited. Employees may request a workplace accommodation through People Operations.

4. Policy hierarchy

Source	How the agent should use it
Applicable law	Overrides a conflicting handbook rule.
Collective bargaining agreement	Controls for covered represented employees.
Formal policy	Controls over summaries, FAQs, or manager guidance.
Job aid or FAQ	Explains a process but does not change eligibility.

5. Employee responsibilities

• Read policies that apply to your role.

• Use organizational systems and information responsibly.

• Ask a manager or People Operations when a rule is unclear.

• Report suspected misconduct promptly and honestly.

• Protect confidential employee, patient, customer, and business information.

6. Manager responsibilities

• Apply policies consistently.

• Protect confidentiality to the extent practical.

• Escalate leave, accommodation, safety, and conduct issues to the appropriate team.

• Do not retaliate against an employee who raises a good-faith concern.

7. Questions and escalation

General questions may be directed to the People Operations Service Center. Questions involving medical details, accommodations, investigations, payroll corrections, or legal rights must be handled by the designated specialist team.

> The handbook is not a contract and may be revised. The effective policy version in the official policy repository is controlling.

Agent training note

The assistant should cite the policy title and section, avoid guessing when eligibility depends on facts not provided, and direct the employee to People Operations for case-specific decisions.
